## 20 We Be Jammin'

*William Sill*

Some law enforcement agencies may use cell phone jammers to suppress detonation signals for remote-controlled improvised explosive devices. Mostly, jammers are illegal in the United States.

## 26 UtiliSite Meeting Focuses on Collocation for Utilities

*AGL Report*

Marketers, carriers, attorneys and utility representatives offer collocation advice.

## 30 Top 11 Ways to Prepare for a Neighborhood Meeting

*Liz Walker*

Eleven steps help you to prepare for a neighborhood meeting to satisfy jurisdiction and community concerns to win approval for wireless telecommunications sites.

## 38 AGL Tower of the Month

Located near the confluence of the Mississippi and Missouri Rivers, June/July's gal stands tall over the St. Louis riverfront. Paula, as she's sometimes called, was built in 2001 by Trylon TSF for Subcarrier Communications of New Jersey.

## 68 Why Are Cell Site Leases Changing?

*Tom Leddo*

Answers to the top 10 most frequently asked questions shed light on the reasons behind lease renegotiations.

## Special Technology Review

52

## 42 Public Safety Wireless Trends

*Dan Hawkins*

Expect ever-increasing public safety use of commercial wireless data systems.

## 46 What Simulcast Is ... and What It Isn't

*Ed O'Connor*

Simulcast is a contraction of two words, *simultaneous* and *broadcast*.

## 48 Computerized Tower Support Tools

*Arthur K. Peters, P.E.*

Software predicts how obstructions could affect RF coverage from a site.

## 52 Using Google Earth for Radio Coverage, RF Paths Analysis

*Larry D. Ellis, P.E.*

A visual plot integrates coverage data with geographic information system software.

## 56 Loading Up the Tower: The Trend Toward Radio Heads

*David Porte*

Remote radio heads on the tower are coming. Are you ready?

## 60 Software Defined Radios Help Agencies Communicate

*Joseph Heaps*

SDRs improve interoperability.

## 63 Piedmont Regional VoIP Crosses State Lines

*Philip Bulman*

Linkup serves five jurisdictions.

## 66 What Flat Panels Lack When It Comes to Performance

*Andy Singer*

A comparison with parabolic-dish antennas.

**on the cover**

The Special Technology Review section includes in-depth and technical articles and articles that are not necessarily focused on the tower industry. Instead, they are more related to the technologies that carriers deploy. After all, the carriers' choice of technology is what drives the need for our industry. "We are the derivative of the technology," as Publisher Richard P. Biby, P.E., says.

*Cover design by Scott Dolash.*

AGL (Above Ground Level) is published 11 times a year by Biby Publishing, LLC, 18331 Turnberry Drive, Round Hill, VA 20141, and is mailed free to qualified individuals in the United States of America.

POSTMASTER: Send address change to AGL Circulation Department, 18331 Turnberry Drive, Round Hill, VA 20141.

# Departments

**6 Editorial Comment**

*Don Bishop*

On the front line: Almost every tower-siting decision is local.

**8 Publisher's Note**

*Richard P. Biby, P.E.*

Congratulations to the New York State Wireless Association.

**10 PCIA Proactivities**

*Jackie McCarthy*

PCIA and state wireless associations team up to participate in municipality ordinance-writing projects.

**12 State Wireless Association Spotlight**

*Bob Stapleton*

Coming up for the Illinois association are a golf outing in June and a Texas hold 'em tournament in the fall, in addition to a possible meeting about Chicago's zoning ordinances and building code.

**16 DAS Forum**

*Bob Butchko*

For first responders, in-building public safety DAS is a lifeline. The last thing any firefighter wants to hear is a loud "bonk" when the radio cannot get into the communications system.

**54 Quick-Guide to Site Aquisition Companies**

*AGL Staff*

As a supplement to the January Buyers Guide issue, a list of site acquisition companies offers more detail to help you to choose a vendor for your projects.

**70 Product Showcase – Shelters and Enclosures**

Buildings, cabinets, air conditioners and cable-entry products.

**72 Product Showcase – Site Concealment and Camouflage**

Hide 'em in plain view or hide 'em behind concealment.
